New Display Homes

Atrium Homes are excited to announce that we have acquired two new sites to construct two new display homes. The first display home will be a narrow lot design in the beautiful riverside suburb of Como. We have also purchased a block in the lovely tree-lined streets of Applecross to build a modern double storey display home. Display Home styles are yet to be confirmed. Atrium Design Studios create unique, individual luxury homes of distinction and character and will be designing the two new display homes. Stay tuned on social media to see the progress of these homes.

For further details on the two new display homes or Atrium's design services, please contact our office.

Atrium Homes was chosen by the millions of homeowners that comprise the Houzz community from among more than 2.5 million active home building, renovation and design industry professionals.

The Best Of Houzz badge is awarded annually, in three categories: Design, Customer Service and Photography. Design awards honour professionals whose work was the most popular among the Houzz community. Customer Service honours are based on several factors, including a pro's overall rating on Houzz and client reviews submitted in 2020. Well done to the Atrium team!
